VOLUME XLV — JANESVILLE, WISCONSIN, TUESDAY, AUGUST 6, 1901 — NUMBER 125

GOMPERS WILL AID SHAFFER

Strike Order for Steel Men Will Be Issued Tonight.

TO FIGHT FOR LIFE

Union Labor Men Declare That the Magnates Have Inflamed All Labor.

A TANGLED QUESTION

Pittsburg, August 6.—This afternoon Shaffer began work on an order calling out all of the Amalgamated men which will be issued tonight instead of Friday. To it will be attached a call asking the members of the Federation of Labor not to handle any of the steel company's product.

It was expected that a statement of some kind would be issued from the Amalgamated headquarters at noon, but the fact that such a statement was not issued leads to the belief that something ou o. the ordinary has occurred.

At the same time a rumor is current that a settlement is on. Shaffer paid a mysterious visit to the Carnegie building and is said to have seen President Corry of the Steel Hoop company. Shaffer denied the story and Corry would not discuss it.

Pittsburg, August 6.—Up to noon no word had been received by Shaffer from President Gompers of the Federation of Labor. When he arrives a number of weighty propositions will be considered. One of the most tangled question is getting the men to go on a strike who are working under contract. This particularly applies to the coal miners.

President Mitchell of the United Mine Workers is on record as against sympathetic strikes because they bring too much hardship on those not directly affected and cause too much suffering to innocent women and children.

There is no question about its being a life and death struggle not alone for the Amalgamated association, but for every labor union, as President Shaffer declared today. "I have telegrams and letters from all over the country pledging support. The cold blooded attack made on our organization has inflamed labor in every city and hamlet throughout the United States. Not only the leaders, but the rank and file in unions everywhere see the great grip of tyrannic capital. They say, fight, and we're going to fight until the end."

SHAFFER EXPLAINS DELAY

Strike Order May Be Postponed for At Least Two Weeks

Pittsburg, Pa., Aug. 6.—President Shaffer of the Amalgamated association today explained why he is delaying the call for a general strike among the employes of the United States Steel company. The association has an agreement with the Federal Steel company, one of the component concerns of the great Morgan corporation, which cannot be broken without two weeks' notice. This notice was sent today, and at the expiration of the two weeks the general strike will be put in force. Aggressive moves are expected to be made before that time, however, against the other branches of the United States Steel company, with whom no such agreement exists. But there is another and still more potent reason for the delay. It is the aim of the Amalgamated association to ally with itself all the other labor organizations possible before striking a decisive blow. The Federal Steel company, prior to July 1, signed the Amalgamated wage scale for the scale year beginning at midnight of June 30. To break the contract two weeks' notice must be given and this notice has been sent to the Federal company. The officials will claim they signed the scale independent of the action of any other concern, and the association should not break the contract. With the National Steel company, the National Tube company, and the American Steel and Wire company no notice of intention to cancel the agreement is necessary, as those companies do not work under an Amalgamated scale. All of them have many Amalgamated men in their employ, but the union is not strong enough to force the acceptance of wage agreements. Many of the strike leaders believe this delay in calling a general strike is against their success, as it will give the United States Steel company that much grace in preparing to run its mills with non-union employes, but they believe in playing fair with the Federal company. The trust began its aggressive operations against the Amalgamated association today, when the Hyde Park plant of the American Sheet Steel company and the tin-plate mill at Monessen were started with nonunion men. At headquarters assurances were received from allied trades unions all over the country promising moral and financial support.

W. C. Hart and wife and L. L. Leffingwell and wife left yesterday for Chicago and Milwaukee. They will be gone about a week.

DIAMONDS FOUND IN MANY STATES

The Precious Stones Have Been Located in This Country in Three Distinct Districts.

Washington, D. C., August 6—Diamonds are found in the United States in three distinct districts, according to a report now being prepared at the geological survey, which will treat of precious stones in this country. The diamond fields are located as follows:

1. Wisconsin, Michigan, Indiana and Ohio in the vicinity of the Green Bay lobe of the continental glacier.

2. In Georgia, North Carolina, Tennessee, South Carolina and Kentucky.

3. In California, adjacent to the watersheds of the San Joaquin and Sacramento rivers, where they were first found in the United States.

There are reports that diamonds have been recently located in six localities in Georgia, but there is some doubt as to their authenticity. A diamond of four and one half carats was found recently in Shelby county, Ala., thirty miles south of Birmingham. The stone was discovered in a garden. It was sent to New York for examination and was pronounced a gem of about one and one-half carats when cut. Two diamonds were found recently in Tennessee near Knoxville.

Miss Mayme Stauber of Portage returned home yesterday after a pleasant visit with Mrs. W. L. Lewis.

SUNDAY CLOSING WAR AT BOSCOBEL

Saloonkeepers Whose Places Were Closed Are Trying to Shut Up All Other Business Houses.

Boscobel, Aug. 6—A Sunday closing crusade has commenced here. Some saloon keepers were arrested for being open on Sunday, pleaded guilty and were fined $15 and costs each. They now seek to retaliate and have inaugurated a move to close all the business houses of the city. Establishments that have not been known to close on the Sabbath for years were yesterday out of business, lest their proprietors should be prosecuted.

GUARDS PLACED ABOUT THE PALACE

Remains of the Dowager Empress Will Not Lie in State—King Edward Will Attend Funeral.

Berlin, Aug. 6—It has not yet been officially stated what caused the death of the Dowager Empress. Immediately after her death two squadrons of hussars and one of infantry were posted about the castle with guns loaded with ball cartridges and with instructions to shoot any unauthorized person who should try to enter. Swarms of detectives are also about the castle and grounds. It was decided that the body shall not lie in state. The remains will be interred at Pottsdam, near those of her husband.

Cowes, Aug. 6—King Edward started at noon for Germany to attend his sister's funeral, the Dowager Empress Frederick.

COLOMBIA REBELS MAKE HARD FIGHT

Engagement at Patt Negro Lasts Seventeen Days and Many Are Killed and Wounded.

New York, August 6.—A Dias Guerra, agent in this country of the Colombian revolutionists, received news today of a bloody battle which occurred between the government troops and the rebels at Patt Negro. After hard fighting lasting seventeen days, he says, the insurgents were compelled to withdraw their ammunition being exhausted.

The steamer Philadelphia arrived here today from Venezuela bringing a good cargo of war news to Agent Guerra. Since the war started, in October, 4,000 men, he declares, have been killed and wounded.

Agent Guerra said today: "There will be no cause for the United States or North America to interfere because of the revolution in Colombia. The insurgents will not disturb the operation of the railroad or the digging of the canal at the Isthmus. They were up in that section of the country before and these operations were not disturbed."

GROCERY HOUSES IN A BIG COMBINE

Philadelphia, August 6.—It is learned here that there is to be a gigantic combination of wholesale grocery houses, taking in about twenty-six hundred establishments in various parts of the country. The capitalization wil be on e hundred million dollars.

SMELTING WORKS BULLION STOLEN

San Francisco, August 6.—A Vallejo dispatch says that a quarter of a million in gold bullion was stolen last night from the Shelby smelting works there. Access to the works was gained by tunneling under the building from the water front.

DAVID JEFFRIS CELEBRATED HIS EIGHTIETH ANNIVERSARY TODAY

A Large Family Reunion in Honor of the Occasion is Being Held at the Home of the Octogenarian's Son This Afternoon.

Today marked the eightieth birthday of David Jeffris and the event was celebrated in a very happy manner. Mr. Jeffris spent the morning at his home, corner of South Jackson and pleasant streets, receiving the congratulations and birthday gifts of relatives and friends. This afternoon a family reunion was held at the home of the octogenarian's son, David K. Jeffris, 55 St. Lawrence place. Further plans for the celebration of the day had been made but were abandoned owing to Mr. Jeffris' recent serious illness from which he has not fully recovered. And so surounded by his family and near relatives Mr. Jeffris enjoyed his birthday in the manner most pleasing to one to whom family ties mean so much.

All of the relatives residing in the city were invited to participate in the happiness of the occassion and the ladies and children gathered at the home of D. K. Jeffris early in the afternoon and the gentlemen joined the party as soon as they could release themselves from business duties until the company of Mr. Jeffris' children, grandchildren, cousins, nephews and nieces was complete. About forty people were privileged to join the family circle.

The elaborate birthday supper is to be served on the great porch which surrounds the beautiful home and the early evening will doubtless be devoted to happy reminscences and to memories dear because they have been sanctified by sorrow.

Eighty yars ago in Grayson county, Kentucky, David Jeffris first opened his eyes on earthly scenes and began the life which was not only to bring to himself so much of prosperity and happiness but was destined to bless many other lives, sharers in that prosperity and happiness, and to benefit the community in which he lives and labors.

Born of a family prominent in Virginia long before the War of the Revolution and having an ancestor who fought in General George Washington's army for five years in that struggle, he possesses a family inheritance of which he has many reasons to be proud. Mr. Jeffris has many interesting memories of the time when his eightieth birthday was yet far, far in the future. His father, William Jeffris, and the parents of Abraham Lincoln lived but a few miles apart in Kentucky and on their removal to Illinois both families settled in the same neighborhood and were well acquainted with each other. Mr. Jeffris was about twelve years younger than the martyred president and remembered him well, first as a youth driving a team of six yoke of oxen while breaking prairie, and later as a lawyer long before he made even a state reputation.

Mr. Jeffris grew to manhood in Illinois and came to the territory of Wisconsin in 1846 arriving in Janesville on June 8th, with a drove of cattle, having accompanied their owner, Col. Anderson.

Mr. Jeffris has lived here ever since and from a poor boy he has grown by his own industry and integrity to be one of the leading and most prosperous business men of the city. During the fifty-five years that he has made Janesville his home he has been instrumental in the erection of about four hundred buildings including private residences, business houses and churches and it can truthfully be said that no man has done as much toward building up this city as Mr. Jeffris.

Among the most important buildings are the Merchants & Mechanics' bank and the Grand hotel. The latter was erected in 1879 and was opened to the public on January 1, 1880. A handsome new addition has been erected this summer, Mr. Jeffirs overseeing the work personally until a few weeks ago when he was taken seriously ill.

Within the past wo years a double sorrow came into his life caused by the death of his eldest son, Thomas M., and his wife, Mrs. Grace Mouat-Jeffris, mother and son passing into the eternal life within a few months of each other. Mr. Jeffris' other children, Miss Susan, Alice, William S., David K., and Frederick J., as well as the widow of the late Thomas Jeffris, all reside in this city and that fact is a source of great satisfaction to their father. The flight of years has touched Mr. Jeffris very lightly and his many friends wish him many happy returns of this happy day.

MATTIE H. BEALS TO BE MARSHAL

Telephone Girl Who Won the Second Prize in Land Lottery at El Reno Offered a Position.

Wichita, Kan., August 6.—Miss Mattie Helen Beals, the Wichita telephone girl who drew second choice of farms in the new Kiowa and Comanche country, has aspired to new honors. She will become city marshall of the town of New Lawton, to take the place of Bat Carr, the present officer.

A delegation of citizens waited on Miss Beals this morning and offered her the position. There is a good salary connected with the office. She accepted the place. She hopes to tame the outlaws and bad men without having to shoot.

Miss Beals and Bat Carr, the outgoing officer met last evening. To test her nerve he took several shots at her. She opened fire on him and shot his hat off. After these little pleasant exchanges of compliments hte took shook hands and promised to be friends.

PYTHIANS ARE ON THEIR METTLE

Statement of Ogdent H. Fethers in Regard to Effect of Endowment Rank Scandal.

Milwaukee, August 6.—Ogden H. Fethers the supreme chancellor of the Knights of Pythias, in a statement made yesterday to the Journal regarding Pythian affairs said "The condition of the insurance branch of the Knights of Pythias is improving every day. The reckless and scandalous misuse of tis funds by former officers and hangers-on brought humiliation and shame to every honorable knight, but the exposure of the wrong doers and the swift action of the supreme lodge in directing the prosecution of all offenders has put the order on its mettle, and from all parts of the supreme domain come ringing assurances of loyal support and confidence. The fact that the payment of over $600,000 to the families four months is an earnest of the of deceased brethren is an earnest of the vitality of the endowment rank. There may be a temporary loss in the membership, but I predict that within six months it will be stronger in numbers than ever before."

PRICES OF HEMLOCK ADVANCED

Fifty Cents a Thousand Added by Northwestern Association

Milwaukee, Wis., August 5.—The Northwestern Hemlock Manufacturers' association today held a meeting in this city and decided to raise the price of certain hemlock material 50 cents per thousand feet. Taking material such as joists, scantlings, and timbers as a basis, the price was raised from $9.50 per thousand to $10. A big demand for hemlock at the present time was given as the reason for the advance.

DENTISTS IGNORE AN INJUNCTION

Washington Institution Dropped by the Board of Examiners—Annual Session at Milwaukee.

Milwaukee, Wis., August 6.—The national board of Dental examiners yesterday afternoon dropped from its list of colleges the National University dental department at Washington, notwithstanding the injunction issued last week, which was calculated to prevent any such action on the part of the association of Dental Facilities. In the opinion of the dentists attending the convention here the action of the examiners has placed the Washington institution in a worse position than it was before.

The National asosciation gathers here today and will be attended by about 400 dentists from all parts of the country. The meeting will last through the week. The program is divided into seven sections, each one containng a number of clinics and papers. They will be of the greatest interest to the dentists, as the speakers will be among the foremost dentists in the country.

The election of officers will be on the program Friday morning, as will be the naming of the next convention city. This will probably be Boston, where the other dental societies will meet next year. Section 6, which contains the clinics, will come up tomorrow evening.

TRAGEDY OF ALASKA

Prospectors Are Saved from Cannibalism by the Timely Arrival of Help from Outside.

Port Townsend, Wash., August 6—A story of the death from starvation in the Agiapuk mining district was brought from Nome by passengers on the steamer Centennial, and as a result of forty-three days of unparalleled hardship, George Dean, a miner, is dead, and his two companions, Jack Houston and Joseph C. Thiery, are at death's door. Houston probably will recover, but there is little hope for Thiery.

Added to the story of starvation is a tale that in their desperation Houston and Thiery severed the thigh of their dead companion from his body and were cooking it when help arrived and saved them from practicing cannibalism.

The men had been in Good Hope country pospecting. On June 7 they started for Nome by the way of Agiapuk river. Before they reached Teller City their provisions gave out and hunger compelled them to eat grass, birds' eggs, and anything they could find.

Fire at Kilbourn

Kilbourn, Wis., August 6.—Fire destroyed the general store of C. E. Mylrea & Co., doing much damage to stock and surrounding buildings. The loss is estimated at eight thousand dollars with almost full insurance.

CARLTON FOSTER DIES AT OSHKOSH

The Well Known North Wisconsin Lumberman Passes Away Suddenly on His Yacht.

Oshkosh, Wis., Carlton Foster, one of the best known lumbermen in the Northwest, died on board his steam yacht on Sunday afternoon. Heart disease was the cause of his death.

Carlton Foster was born on August 20, 1826, and was a native of Essex county, N. Y. His boyhood was spent upon the farm. At the age of 20 years he set out to learn the trade of millright, and that was his chief occupation until 1859.

He came to Oshkosh in September, 1855, and resided there ever since. At the time of his death, and for twenty-one years previous, he was one of the proprietors of the Foster-Hafner mills; formerly known as the Eagle planing mill.

For four years Mr. Foster served as a member of the common council of Oshkosh, and in 1865 was elected Mayor of the city, and re-elected to that office in 1866. In 1873 he was elected to the Wisconsin legislature, he was reelected to that body in 1874 and again elected in 1883. For the third time he was elected mayor of Oshkosh in 1886, and served one term.

He was married on June 20, 1854, to Sibyl Storrs, who was born in Vermont on February 8, 1833. Those surviving besides the wife are two children, Mrs. Anna M. Hellig and Alderman George H. Foster.

BLOWN TO ATOMS BY NITRO-GLYCERINE

Explosion of 800 Quarts Scatters a Driver, Team and Wagon at Bowling Green, Ohio.

Bowling Green, O., August 6.—A wagon, containing 800 quarts of nitro-glycerine, exploded on the Munn road southwest of this city yesterday afternoon, and blew the driver, the team and the wagon to atoms.

The accident occurred where the road crosses the Cincinnati, Hamilton and Dayton railroad and an approaching passenger train narrowly escaped disaster. The driver was Will Radabaugh of the Hercules Torpedo company, and he was taking the glycerine to a magazine. He saw the train approaching and endeavored to cross the track before it, when the reckles gait over the rails caused the explosion.

The train was far enough away from the wagon when the stuff went off to escape serious damage. The passengers were seriously shaken up and pieces of wood and iron were hurled against the cars. When the explosion occurred the engineer applied the brakes and stopped just in time to avoid plunging into the abyss made by the explosion. Flying pieces of ties, railroad iron, telephone poles and other debris struck the train everywhere.

About 200 feet from where the explosion occurred was a barn. This was reduced to kindling wood. A house about 400 feet from the disaster was knocked out of all semblance to a building.

CORN CROP LOSS IS VERY HEAVY

State Report for July Showing Conditions on Aug. 1 Issued By Secretary True.

HALF HEAD

Madison, Wis., August 6.—[Special]—The state crop report for July showing the conditions August 1, was issued today by Secretary True of the state board of agriculture from all over the state. The esbased on reports from correspondents timate of a full crop is: Spring wheat 92 per cent; barley, 90; oats 80; corn, 70; tobacco, 52; potatoes 78; wild hay, 90; apples, 20. The loss of the corn crop in the seventeen southern counties of the state affected by the severe drought is estimated at 12,400,000 bushels; the loss of oats, in these counties at 10,375,000 bushels. Soil conditions are generaly reported as favorable but rains are needd in the southern part of the state.

Free Employment Agency

Madison, Wis., August 6.—[Special]—During the last week 170 positions were filled through the agencies of the free employment offices at Superior and Milwaukee. There were 229 applications for employment and 233 applications for help. Since the offices were established a month ago 633 positions have been filled.

GONE IN SEARCH OF SOUTH POLE

Cowes, Aug. 6—The British sup, Discovery, started on its long expedition in search of the south pole at noon today. King Edward signalled a farewell and a happy and prosperous voyage to the departing expedition.

Lumber From Big Fir Tree.

The big fir tree, forty-four feet in circumference, which grew one mile west of Arlington, Wash., has been cut down and nine feet of the base, with a cut for the floor and another for the roof, has been shipped to Everett, to be converted into an office for Commissioner Johnston at the Pan-American exposition. The floor part is fifteen feet in diameter and the roof ten and one-half feet in diameter.

DOZEN DEATHS IN EXPLOSION

Up to 3 O'clock Twelve Charred Bodies Had Been Recovered.

ALL UNIDENTIFIED

Fire Followed the Disaster at Philadelphia, and Added to Its Horrors.

SEARCHING THE RUINS

Philadelphia, August 6.—Up to nine o'clock this morning it was impossible to accurately determine the number of casualities in last night's explosion but the dead are variously estimated from fifteen to twenty-two. The injured at more than seventy-five. All night long policemen and firemen were at work tearing the debris apart in the effort to recover more bodies.

The most reliable estimate now places the number of the dead at about a dozen.

The death list now stands as follows:

THREE UNIDENTIFIED COLORED MEN.

UNIDENTIFIED COLORED CHILD

SEVEN UNIDENTIFIED MEN.

The scenes in the neighborhood of the accident are heart rending today.

The streets are filled with a dense throng of negroes who fill the air with their lamentations. Colored women, friends and relatives of the victims and supposed victims sit on the curb stones in a pelting rain moaning and praying. The dawn showed the full force of the explosion which was terinic. Not a house for a square in any direction escaped damage. The property loss is not over fifty thousand.

FIRE ADDS TO THE HORROR

Explosion at Philadelphia Last Night Causes Many Deaths

Philadelphia, Pa., Aug. 6.—Exploding gasoline destroyed a block of buildings on Locust street, near Tenth, last night, killed a score of persons, injured fifty others, leveled five of the six buildings, filling Locust street with debris, and damaged 100 other houses. The explosion was followed by fire and the number of deaths will not be exactly known for days. The police and fire departments are tearing away at the ruins. Up to 2 a. m. four bodies had been recovered from the ruins, three had died in hospital, and the police say a dozen bodies are still buried under the debris. Of the fifty persons in the hospitals nine will die before many hours, and many others are fatally injured. At 2 o'clock the rescuers came across a colored woman, who was alive and asked for water. She is Lizzie Watkins, aged 18 years. She had been in the ruins for four and a half hours. The explosion came without warning. It was like the eruption of a volcano. The walls of the building shook, crumbled and fell with a roar into the cellars or were shot outward across Locust street. The roofs rose skyward and descended upon the ruins. Within a few moments the entire block was wrapped in flames. The fire department had the flames under control within half an hour, before they had reached the victims buried deep under the fallen roofs. All the buildings destroyed were business houses, with flats above them. The streets were well filled when the gasoline let go, and a panic which extended for blocks followed. Persons rushing toward the scene found Locust street filled with struggling people, trampling the injured in their efforts to get away. It is known that at least thirty-five persons were in the five buildings when the explosion occurred, and it cannot be guessed how many customers were in the stores. Almost every building in a radius of two blocks of the scene of the explosion had window panes shattered and was otherwise damaged. Every building on the opposite side of Locust street was more or less wrecked, but none of them fell. A cry went up from the ruins the moment the explosion occurred. Women, children, and men, occupants of the wrecked houses, could be seen crawling from the debris, while the agonizing cries of others were heard in the wreckage. From all the surrounding buildings injured people came running and fell into the street unconscious. To add to the horror, fire started in the debris the moment it settled to the ground, and in less than five minutes the great pile was burning fiercely from end to end.

STEEL SECURITIES TAKE A TUMBLE

New York, August 6.—There was a decline yesterday of almost thirty-six millions in the value of steel securities on the stock exchange. James R. Keene, field marshal of the steel sydicate expended, it is estimated, $2,000,000 in an effort to limit the drop.

THE NEWS FROM COUNTY TOWNS

THE GAZETTE AGENCY.
W. W. CLARKE, Manager.
Milton, Wis., Aug. 20 1901.

On Thursday evening, Aug. 1, a large party of the friends and neighbors of Mr. and Mrs. E. D. Bliss gave them a genuine surprise party. It was the twentieth anniversary of their marriage and the visitation was in honor of the event. After the visitors had asembled, W. P. Clarke, in well chosen words, presented the bride and groom china appropriate to the occasion as a remembrance from their friends and in behalf of all wished them many returns of the happy day. A program of vocal and instrumental music was presented, ice cream and cake served and a social hour enjoyed.

Fort Atkinson and Milton Junction played a very exciting and interesting ame of ball here Friday afternoon. Each club scored in the first inning, the Fort getting two and the Junction four, but after that they both played ball and at the close of the ninth inning the score was tied at five. In the tenth both clubs scored twice but in their half of the eleventh the visitors pounded out four runs and shut out the Junction boys, the score being 11 to 7. The Fort battery was a good one, but they were weak at first base and at short. Cole pitched a good game for the Junction until the tenth inning when he seemed to let down and Hinkley went in the box, but was easy for the Forts, and also wild.

The average high temperature for the month of July was 92 degrees above zero, ten degrees higher than for the same month in 1900.

Ex-Postmaster T. L. Martin, of Wilton, took in the ball game here on Friday.

Al. Root and wife arrived in town Saturday. He has sold his business at Sioux City, Iowa.

The friends of Mrs. Mary E. Burdick will be pleased to learn that she is showing some improvement and that there is a prospect of her being able to be about again.

President Whitford will return from his trip to Texas and Colorado this week.

W. C. Alden is here doing geological work in the interests of the United States survey. He is working under Dr. Chamberlin of the University and is making quite a thorough investingation of the geological features of this locality.

SHOPIERE.

Shopiere, Aug. 5—The ladies of the M. E. society will give an ice cream social at the home of Mrs. Henry Case on Wednesday evening, Aug. 7th. A cordial invitation is extended to all.

O. P. Smith is now ready to take in grain again at the depot after spending a long time at Beloit.

Mrs. Van Valen and Miss Ida Sweet spent Friday last at Delavan lake.

The threshing is nearly finished in this vicinity. The yield per acre is from seven to forty bushels.

The corn is not doing very well, and unless we get plenty of rain there will not be much of a crop.

Mrs. Wright had relatives from Joliet visiting her for a week.

Henry Haseman's dog has got the whooping cough. He took it from the children.

Mrs. James Haggart and daughter gave an ice cream social on Wednesday evening last for the benefit of the Congregational church society. A large number were present.

There will be no hard cider and pumpkin pies this winter unless it is shipped in from some place.

Thomas Newman is building a new house in place of the one burned last spring.

An ice cream lawn social will be held on the grounds of Mrs. Henry Case this Wednesday evening. The ladies of the M. E. church cordially invite every one, far and near, to attend.

The attendance at the Methodist church shows no sign of reduction, despite the hot weather.

A few young rowdies were caught red-handed in disgraceful disturbances of the church service the other evening. It has not as yet been decided by the church authorities whether they will be handed over to the law, or to their parents, for punishment.

Sam Ferne, who has been on the sick list for some weeks, is about again, but is still weak.

The quarterly conference of the M. E. church will be held by Presiding Elder Stevens on Thursday evening, Aug. 29th.

ROCK RIVER

Rock River, August 6.—Mrs. Hattie Pierce, whoh as been seriously ill, is now improving.

Allen Davis is building a silo on his farm near Grass Lake.

Rock River was well represented at the circus last week. All report a fine time.

Gertie Crandall of Janesville is visiting her aunt Minnie Crandall.

A bright baby boy was born to Mr. and Mrsc. Harry Swader last Thursday.

Several of the River young people expect to visit the Dells next Sunday.

A fine time was enjoyed all who attended the social on Saturday evening. About $8 was taken in.

Mrs. Ephraham Bingham and Mrs. Lyster of Kansas City visited Mrs. Boss and Miss Saunders one day last week.

Mr. and Mrs. Allen Davis attended a wedding anniversary at the home of Mr. and Mrs. Bliss in Milton Thursday evening.

Hattie Brown of Milton visited friends here last week.

Wade Loofboro is entertaining his brothers this week. One is from Welton, Iowa and the other is from Chicago.

The Rock River baseball team played the Johnstown team Friday. Score 35 to 14 in favor of the River boys. Sunday a game was played with the Chicagos at Newville, resulting in a score of 25 to 5 in favor of the River team.

BRODHEAD.

Brodhead, Wis, Aug. 5.—Miss Grace Rolfe left on Tuesday for a visit at Lake Geneva.

County Superintendent J. C. Penn spent Thursday in the city with friends.

Highland Sutherland and Carl Doolittle are camping on Coney Island.

Mrs. Ed. Ross returned from Mocatawa Beach on Wednesday evening. Miss Amy Ross of Janesville is visiting relatives and friends in Brodhead.

Hon F. Mitchell of Monroe was in Brodhead Wednesday shaking hands with old friends.

Dr. L. E. Towne has been under the weather for the past week but is slowly improving.

Rev. Geo. Shaw, wife and children, of New York are the guests of Mr. and Mrs. Bert Gardner.

Mrs. Ralph Chapel left Thursday afternoon for Chicago, where she will visit Mrs. Geo. Hamilton.

Miss Ethel Barr went to Janesville on Wednesday to spend a weeek with her sister, Mrs. W. R. Hotchkiss.

Mr. and Mrs. Robert Stephenson of Albany were the guests of E. J. Dodge and family. Wednesday.

Misses Lura and Clara Holcomb and Frankie Green are visiting in Albany the guests of Miss Jessie Humphrey.

Mrs. W. Sprague is entertaining her cousin, Miss Lura Smith, of Beloit and her sister Miss Kittie Fay of Rockford.

Mr. and Mrs. W. Mitchell visited in Monroe the first of the week, the the guests of their brother, F. Mitchell and family.

Miss Charlton entertained a few friends at tea Wednesday in honor of her guests. Misses Hadden Wiggins and Gordner.

Miss Florence Hulbert of Chicago, who has been spending her vacation with Mr. and Mrs. C. J. Stephenson, returned Thursday.

Misses Myrtle Roderick, Mae Evans, Winnie and Nettie Bucklin, spent a couple of days in Monroe last week, the guests of Mr. and Mrs. R. B. Gifford.

Mrs. Thos. Flint, Mrs. Jane Hulbert and Mr. and Mrs. John Stephenson, of Albany were the gusts of M and Mrs. C. J. Stephenson, Wednesday.

Dr. W. L. Stephenson spent last Tuesday evening with Dr. R. Broughton at Rockford. He reports the doctor as well and enjoying a prosperous patronage.

Misses Maude Roderick and her guest, Marion McLean of Monroe, Misses Lotta Fleek, Clara Pfisterer and Lena Spaulding are camping at Sherholskin this week.

Mr. Fred Mayer spent last Sunday in Beloit. His aunt, Miss Hofmaster, returned with him and will spend a few weeks with friends after which she will make a trip to Denver.

Myron Northcraft and Rosco Lared leave Monday on their wheeels for different parts in Iowa.

Mr. Geo. Gordon is home from the Moody Bible Institute, where he has been studying for the past few months, and expects to remain home for some weeks.

Mrs. Dan Collins spent Sunday in Janesville.

J. W. Dawson was down from Monroe on Saturday.

Mr. Frank Ducas returned to Madison on Saturday.

Dr. F. T. Richards and granma Bowman, came up from Janesville on Friday evening.

Miss Lutie Waltmire of Delavan, Ill., is the guest of her cousins, the Misses Clapp, for an extended visit.

Miss Grace Stockman, of Sioux City, Iowa, is visiting her sister, Mrs. A. Armstrong.

Miss Lettie Woood of Monroe is the guets of Mrs Nellie Stair.

EVANSVILLE.

Evansville, Aug. 6—Miss Myila Crow, who is employed in the office of the Grange store, is having her vacation. She is dividing her time between Monroe and Chicago.

Mrs. Wm. Austin and daughter, Mrs. Chas. Doolittle, arrived in the city Sunday evening. Mrs. Austin has been visiting for several weeks in Buffalo and vicinity and stopped on her return in Waukesha to visit her daughter. Mrs. Doolittle was called last week to Winnebago City, Minn., to see her brother, Grant, who is very low, at his father's home.

Peter Hadley and family are having a visit from a grandson from Beloit.

A large number form Evansville and surrounding country went to Whitefish bay last Sunday on the excursion.

The Epworth League convention opens Friday afternoon. Delegates from Janesville begin to arrive Friday noon. Evansville will give them a royal welcome.

The Monona campers returned last Saturday and although they had an enjoyable time they are all glad to be in real houses again.

Miss Mary Flack of Fort Atkinson visited Miss Emma Kungle Sunday.

Miss Jennie Bailey of East Kosh-

(Continued on Page 7.)

HAS A GRIEVANCE AGAINST MALTPRESS

Ex-Alderman C. H. Kueck Threatens to Bring an Action Against Sheriff for Damages.

Ex-Alderman C. H. Kueck has a grievance against Sheriff Maltpress and threatens to bring an action against him for damages. It seems that when Ringling Brothers' bill posters were in the city, they made a contract with Kueck, to put up some banners on his awning in front of his meat market on the Corn Exchange square, and gave him two complimentaries. When the day of the performance arrived the agent went around to Kueck's market and told him that he had not fulfilled his agreement, and that the tickets would not be honored. The agent took the numbers of the tickets and when Kueck presented them at the door admission was refused him.

He came up town immediately, and swore out papers against Ringling Brothers before Justice Reeder which were given to Sheriff Maltpress to serve. Kueck claims that the sheriff did not perform his duty and thinks of suing him for damages which he places at $5.

On the day of the performance when Ringlings heard that Kueck had sworn out papers in a suit for damages, they sent one of their men up town with a dollar to pay Kueck for his tickets. He was not in his shop, so the man left the money with C. J. Jones to give to Kueck. He refused to take the money left with Jones and says he will make the sheriff pay the damages he would have recovered from Ringlings if the papers had been served.

$13.00 to Buffalo Pan-American and Return, $13.00.

Tickets on sale daily via the Nickel Plate road, good returning ten days from date of sale. Especially low rates for fifteen and thirty day limits Chicago to Buffalo and return. Tickets at lowest rates to all points east. John Y. Callahan, general agent, 111 Adams St., Chicago. Chicago city ticket office, 111 Adams street.

Council Had No Quorum

But four aldermen answered to their names when the clerk called the roll at the meeting of the common council last evening. Mayor Richardson presided and Aldermen Rice, Judd, Valentine and Hutchinson were present. The mayor announced no quorum present and on motion of Alderman Rice, the council adjourned until Monday evening, August 12.

Several important matters were to have been settled last evening, among them being the annual tax levy and the city hall contract, which has not yet been signed by the mayor.

Daily Excursions to Buffalo and New York.

Via the Nickel Plate Road. Through trains to New York City without change. Vestibuled sleepers Chicago to Boston. Dining care on all trains. Meals served on American club plan, at from 35 cents to $1.00. Write John Y. Calahan, general agent, 111 Adams St, Chicago, for particulars.

Quarrel Ends in a Killing.

Jackson, Miss., Aug. 6.—A dispute early in the day between W. J. Logan, sanitary inspector of Jackson, and David L. Shelton over an inspection was followed last night by a personal encounter, in which Shelton was shot and killed by the inspector. The shooting occurred on one of the principal streets and caused much excitement. Shelton married the daughter of the late Congressman McKee while camping at Chattanooga during the Spanish-American war.

Price of Hemlock Advanced.

Milwaukee, Wis., Aug. 6.—The Northwestern Hemlock Manufacturers' association held a meeting in this city and decided to raise the price of certain hemlock material 50 cents per thousand feet. Taking material such as joists, scantlings, and timbers as a basis, the price was raised from $9.50 per thousand to $10. A big demand for hemlock at the present time was given as the reason for the advance.

Killed by Nitroglycerin.

Bowling Green, O., Aug. 6.—A stock wagon loaded with 700 quarts of nitroglycerin was blown up at a railroad crossing one and one-half miles south of this city at 2:30 o'clock p. m. "Jack" Radalbaugh, the driver of the wagon, was blown to atoms, only a small piece of his scalp being found. Remnants of two horses were scattered over adjacent fields.

Scrofula

This root of many evils—

Glandular tumors, abscesses, pimples and other cutaneous eruptions, sore ears, inflamed eyelids, rickets, dyspepsia, catarrh, readiness to catch cold and inability to get rid of it easily, paleness, nervousness and other ailments including the consumptive tendency—

Can be completely and permanently removed, no matter how young or old the sufferer.

Hood's Sarsaparilla was given the daughter of Silas Vernooy, Wawarsing, N. Y., who had broken out with scrofula sores all over her face and head. The first bottle helped her and when she had taken six the sores were all healed and her face was smooth. He writes that she has never shown any sign of the scrofula returning.

Hood's Sarsaparilla

Promises to cure and keeps the promise. Ask your druggist for it today and accept no substitute.

J. M. BOSTWICK & SONS.
THE BIG STORE 20,22,24,26,28. S. MAIN ST. JANESVILLE, WIS.
WE KEEP THE QUALITY UP

Foulard Silks

are down. 85c and $1.00 grades now **65c**

65c and 75c grades now **45c**

To make a clean sweep of every yard of **Foulard Silk** in our stock we have put them into two lots and offer them until sold at **65c** and **45c**. They..... will eagerly be snapped up, for such beautiful Foulards.. at the figures we mention cannot be made for the prices at which we are offering them. We show them in the satin finish and fine surah weave; a large collection of very choice patterns in all colors and black with white figures.

Women's and Misses' Tailor-Made Suits

As an extra inducement to buy a Suit we are offering ours at greatly reduced figures. Have almost any price Suit one might desire and desirable styles to select from.

THE TIME TO ACT

is the right time. The right time to act is right away if you would secure some right smart bargain in **Summer Goods.**

Parasols

for these hot, dazzling days — pretty summer novelties for both women and children, can be bought for little money. We offer them all at first COST.

Wash Goods

are fast disappearing. The styles of most of them are not so extreme that they will look **"out"** if worn another season. Buy a dress now at the reduced figures, you can wear it for two months yet.

All Remnants at very low prices to close them out.

Shirt Waists

are good all winter. Buy all you want of them while they last. Ours are so different than many of the factory made waists; the styles average good, they fit nicely, and are made by experts.

At 75c

a large assortment of **colored waists,** formerly $1 and $1.25, about what the material would cost. Others at 40c, 55c, $1, $1.75, about half the former prices.

80c for pretty white waists; others $1.15 and $1.65—all very much less than they were.

We Enjoy Talking

about our beer, because it deserves all the good things we can say about it. Our customers talk about it too. Kept handy at home it adds to health and comfort these summer days. By the case:

Two dozen pints - - $1.00
Two dozen quarts - - 1.75
Delivered to any part of the city.

LATE TELEGRAPHIC NEWS

BANKER IS SENT TO JAIL.

James Key of Andrews, Ind., Charged with Many Forgeries.

Wabash, Ind., Aug. 6.—Saturday afternoon George Newell, bookkeeper of the Commercial bank at Andrews, closed the doors of that institution, turning away James Stouder, who wanted to deposit $1,500, because of the absence of James Key, owner of the bank. At the time the concern owed depositors $12,000 and there was but $25 in the safe. Saturday night Key returned. This morning he opened the bank and immediately was arrested by Sheriff Crandall of Huntington county. He was much frightened and tried to shoot himself, but was overpowered. He then broke down and raved, saying that he would go to prison for life unless he killed himself. Key was taken to Huntington and arraigned before Mayor Dungan charged with forgery. Orlando Packard of the Capital National bank, Indianapolis, having sworn out a warrant for him on a charge of forging the name of S. J. Leedy to a $1,100 note and another note of similar amount to which the name of Noah Fisher had been forged. These notes had been deposited as collateral with the Capital bank for money advanced Key. Later Will Haller filed another affidavit and eight others are forthcoming. Key waived a preliminary examination and in default of $6,000 bond was sent to jail. Key went to Andrews two years ago from St. Louis. He represented himself as wealthy and spent money lavishly. It appears now he had nothing. The Capital bank alone, it is said, holds $10,000 of the forged paper and a Chicago bank is also caught.

Unite to Defeat Cummins.

Cedar Rapids, Iowa, Aug. 6.—Cummins against the field, and the fortunes of the field in the absolute control of a steering committee, is the situation in the Republican gubernatorial convention. The convention begins Wednesday. Each candidate, Trewin, Harriman, Herriott, and the representative of Minister Conger, agreed to appoint a representative, and they are to select three others, in whose hands the fate of all candidates shall be placed. They agreed that before either one had a chance to win Cummins must be defeated. They agreed that they would, any or all, withdraw if this committee recommended it.

Trust Quits the Business.

Fall River, Mass., Aug. 6.—The Fall River Selling committee, which has been known since its organization in 1898 as the cotton cloth trust, was dissolved by mutual agreement today. The committee was formed when the trust promoters were at work trying to buy up all the local plants. It was believed by combination selling the evils of local competition between the mills would be avoided. While local competition was eliminated, it was found that outside mills were able to profit largely by selling just under the Fall River prices and allowing Fall River to hold the price for all.

Carnegie Library for Porto Rico.

San Juan, P. R., Aug. 6.—Negotiations are under way between Andrew Carnegie and Education Commissioner Martin G. Brumbaugh, who, in this matter, represents the people of Porto Rico, which will give San Juan and all of Porto Rico one of the famous Carnegie libraries. The San Juan council has decided to appropriate $6,000 yearly as a maintenance fund for the library. Mr. Carnegie's private secretary, James Bertram, wrote that it was the millionaire's custom to give ten times the amount of the maintenance fund.

Schley's Lawyer Begins Work.

New York, Aug. 6.—Capt. James Parker, counsel for Admiral Schley, left his home in Perth Amboy, N. J., last night for Washington. He refused to discuss any phase of Admiral Schely's defense, except to say that the records are all that are necessary to vindicate the accused officer of every charge brought against him.

Awful Murder and Suicide.

Chicago, Aug. 6.—William Schultz beat out his wife's brains with a claw-hammer, stabbed her seven times in the breast with a pocket-knife, and then ended his own life with a bullet in the left temple. The two were alone at the time in the family home at No. 208 Wells street, where they had lived for three years.

Aged Minister a Suicide.

Paducah, Ky., Aug. 6.—The body of James M. Frazier, a Presbyterian minister 82 years of age, was found in the Ohio river three miles below the city. It is supposed that he committed suicide while temporarily insane, this being his second attempt. He leaves two daughters and a widow.

Drowned in a Clayhole.

Chicago, Aug. 6.—In sight of several of his playmates, 15-year-old Henry Full was seized with cramps and was drowned in a clay hole at Western avenue and Grace street.

Boer Commandant Slain.

Bloemfontein, Orange River Colony, Aug. 6.—Commandant Froneman, son of the Commandant Froneman who, it is alleged, shot a peace envoy named Morgendael, has been killed near Winburg, after an exciting chase. Most important papers were found in his pockets.

The British have captured a Boer convoy of seventy wagons, near Boshof, Orange River Colony.

Rob Safe and Escape.

Chicago, Aug. 6.—Four men bound and gagged two employes of the Suburban Electric Railway company, blew open the safe in the office and escaped with between $600 and $700 early this morning. The robbers had evidently laid their plans carefully for their work was done with a smoothness and precision which betokened familiarity with the surroundings and the habits of the employes.

Rockefeller to Build Palace.

New York, Aug. 6.—Areport is in circulation in Westchester county to the effect that John D. Rockefeller is to have a marble palace at Pocantico Hills, N. J., to cost something like $1,000,000. According to the different reports the palace is to rival some of the large castles of England and Scotland. Mr. Rockefeller now owns 2,000 acres of land in northern Westchester.

Stricken in the Pulpit.

Asbury Park, N. J., Aug. 5.—The Rev. Godfrey Hancock, pastor of the West Asbury M. E. Church, was stricken with paralysis yesterday while preaching and fell into his son's arms. He died at 2:30 yesterday afternoon. He had been here for two years and was very popular. His brother, E. C. Hancock, is pastor of St. Paul's M. E. Church at Ocean Grove.

Toadstools Prove Fatal.

Cumberland, Md., Aug. 6.—Three more members of the family of Joseph Martin, who were poisoned at New Baltimore, Pa., thirty-five miles north of here, by eating toadstools, believing they were mushrooms, are dead. It is thought the whole family of eight will be wiped out by eating the poisonous toadstools.

Woman Golfer Hurt.

New York, Aug. 6.—Miss Bessie Anthony, the woman golf champion of the West, strained her shoulder so severely in a recent tournament that she has been unable to play for over a week. She may be unable to appear in the woman's open tournament this week at the Glen View Club, Chicago.

Courtship by Letter.

Camden, N. J., Aug. 6.—A novel wedding took place here yesterday between a man from Michigan and a girl of this city. They never had seen each other until yesterday morning, but became acquainted through correspondence. His name is Edward Anderson and she was Alma Haggshorn.

Wears Gems, But Is In Cell.

Indianapolis, Aug. 6.—William K. Bartlett of St. Louis, well groomed and wearing diamonds, is in a police cell here while his record in various cities is being investigated. He was arrested to-day at a local hotel, where his room was found full of fine clothes.

Brothers Die of Sunstroke.

Dallas, Tex., Aug. 6.—Albert and Will Barber, brothers and prominent farmers of Chambers County, traveling on horseback homeward from Dayton to Barber's Hill, died side by side in the public road from the effect of heat.

Railway President Dies.

Warwick, N. Y., Aug. 6.—Grinnell Burt, for twenty-five years president of the Lehigh and Hudson River Railway Company, died at his home to-day.

Goulds Have New Daughter.

New York, Aug. 6.—A daughter was born to Mr. and Mrs. George Gould yesterday on board the Gould yacht Sybarite, off Seabright, N. J.

Plunges Into a Furnace.

Provo, Utah, Aug. 6.—James M. Wilson, a patient at the insane asylum, threw himself head first into the open door of a furnace. He was badly burned before being pulled out. While bandages were being prepared Wilson broke away and again threw himself into the furnace, this time being so frightfully burned that he died within a short time.

To Continue Filipino War.

Manila, Aug. 6.—Miguel Malavar, who has been recognized as the successor of Aguinaldo by the Filipino junta at Hong Kong, has issued a proclamation, dated July 16, copies of which arrived here this morning, giving assurances to the natives of the continuation of an active campaign and expressing hope for its successful issue.

Mail Train Is Derailed.

Auburn Park, Ill., Aug. 6.—The fast mail of the Rock Island and Pacific railroad was derailed at Auburn Park. Fireman Patrick Cowgind of Blue Island received injuries to his arms and knees in jumping from the train.

Gives Up Baseball to Preach.

Binghamton, N. Y., Aug. 6.—Ernest G. Crabill, the star pitcher for the Binghamton state league baseball team, announces that he has decided to give up baseball as a profession and enter evangelical work. Mr. Crabill was converted during revival meetings last winter, and since then has given much study to the Bible.

Mr. and Mrs. F. M. Marzluff leave today for an extended visit to San Francisco and the Pacific coast.

A Positive Woman.

A woman has a right to be positive on matters which are matters of personal knowledge and experience. Every woman who has used Dr. Pierce's Favorite Prescription for diseases of the womanly organs is positive as to its wonderful curative value, and confidently recommends it to similar sufferers.

Women who suffer from inflammation, ulceration, female weakness, or nervous diseases caused by disease of the womanly organs will find a complete cure by the use of "Favorite Prescription."

"Several years ago I suffered severely from female weakness, prolapsus, and menorrhagia, and used Dr. Pierce's Favorite Prescription with splendid effect," writes Fannie Shelton, of Washington, Iowa. "Glad I have not needed it for a few years past, but if I should have any return of the old trouble would surely try 'Favorite Prescription.' I have recommended it to a number of my lady friends. I always tell them to try a bottle, and if they are not benefited by it I will pay for the medicine. In every case they have spoken in praise of it."

WISCONSIN WEATHER FORECAST

Generally fair tonight and Wednesday.

Practical Philanthropy.

Rah! Rah! Rah! Holliday Home! was the cry that greeted our ears bright and early on the shores of Lake Geneva; and it called attention to eighty small boys between the ages of ten and twelve marching in double file through the pretty grove that lines the west shore of that superb sheet of water. One attendant, a young man was with them, and they were off for a morning lark. Dressed in corduroy trousers, clean waists and shoes and stockings carrying the American flag, they presented a pretty picture. Last week we called the attention of those who peruse this column to the opportunity of Janesville churches in providing recreation and health giving enjoyment to the poor of Chicago in caring for some of them a few weeks on the shores of our beautiful river. Here in this picture we saw the practical results of such philanthropy. Eighty boys and eighty girls are alternately entertained free of charge at the Holliday Home on the shores of Lake Geneva, and if it were possible to take account of stock "before and after" taking this outing, we doubtless could see an increase of physical health, higher ambitions, greater aspirations, and more sublime ideals. Perhaps the enjoyment experienced may stir in a boy's soul the desire and determination to secure for himself a summer home on that lake. What does this mean to him? He must establish himself in a business, he must accumulate money to purchase a home for himself in the city and then last of all when success has crowned his life, he can see the fulfillment of that boyish desire to own and enjoy that for which his childish heart yearned. Space forbids the enumerating of the many possible hopes and resolutions such an outing might instill in the youthful breast, but your imagination will furnish them on a little thought. It is said that Lord Rosebery expressed a wish when a youth to win the Derby, marry the richest woman in England and be England's prime minister. All of these wishes were fulfilled and how much his desire was the cause of his success probably no one, not even he, can tell, but he gives credit to that youthful determination. Churches will have a greater hold upon a class of people who now care very little for them, if such practical philanthropy was indulged in once or twice in a while, even if it goes under the head of home missionry work.

Edgar Stanton Maclay.

Maclay, the historian, is a Cornell man, the son of a minister, and an ex-reporter for the New York Tribune. His studies, preparatory to writing his naval history, took him to Europe and back.

Maclay was one of the three hopefuls on the Tribune from 1890 to 1893. Harry Du Souchet was working on a play and J. Parmly Paret was working on a book on "Women in Sport." When Paret was not reporting or playing tennis he was thinking about his book. The same was true of Du Souchet when he was not telegraphing. Du Souchet became famous with his "My Friend From India." Paret got his book into print, and Maclay has come up with a rush because of his criticism of Schley. After leaving the Tribune Maclay wrote naval editorials for the New York Sun, later entering the service of the government. The statement frequently made that Maclay is a "dock yard laborer" is untrue, and all levidences point to the fact that he is a man of considerable learning, technical knowledge and ability.

Why The Deadlock?

Public opinion is the greatest of moral forces, but public opinion cannot be formed or expressed until it is intelligently informed. Let the two heads of the contending forces in the steel strike make official statements as to the cause of the deadlock and public opinion will help them settle a serious question which they do not seem able or willing to arbitrate. So far as the press is concerned there is a wide difference of opinion as to the cause of the strike. The first sensible thing for these contending parties to do is to get together, and not only find out what they are fighting about, but then to publish it to the world. A conference was held between the various heads over a week ago, but so far nothing has been made public concerning the transactions that took place. Both sides would like to see the strike question settled, and public opinion is the safest umpire on all public questions.

The successful trip made by the giant steamer Celtic appears to prove the theory that large vessels are the most satisfactory from all standpoints. The Celtic is so large that she was scarcely effected by the heavy seas, which added greatly to the comfort of the passengers. She can carry 2,859 pasengers, and at load draught displaces 38,200 tons.

France has bowed her congratulations to this country because of our industrial aggressiveness. It is now Germany's turn.

James Deally, a Kentucky fishing reel maker, who was suposed to be poor, died the other day leaving an estate of $250,000. James appears to have been considerable of a "quadruple multiplier" himself.

More than 100,000 visitors paid their respects to the memory of the late Italian king, by a visit to his tomb, on the first anniversary of his death, last week.

A Milwaukee paper says that "seven people were thrown from a buggy, and all more or less bruised." What kind of buggies do they have in Milwaukee?

La Crosse Chronicle and Madison Journal are indluging in a little brush but we hope that Lush will not get Wilder, and that Wilder won't get Lush.

The conflicting "news" about the steel strike would indicate that the assignment was being covered by distinguished war correspondents.

Now that his salary has been raised King Edward has indulged in a new title.

The steamer Celtic ought to be especially good on the Irish sea.

STONE CRUSHING PLANT AT WORK

CITY'S NEW CRUSHER A MODEL IN EVERY RESPECT.

There Are Three Stone Bins for the Three Different Sizes, and Their Combined Capacity is 11,520 Cubic Yards—Machines Were Given a Satisfactory Trial Yesterday.

Janesville can now boast of having one of the most complete stone crushing plants in the country. The new plant is a model one in every particular and the stone bins have about one-half larger capacity than the ones destroyed by the fire.

The new works are of sufficient capacity to keep a supply of stone on hand at all times for the contractors. Almost everything about the plant has been enlarged and improved with the exception of the engine, boilers and crusher. These were of sufficient capacity to operate a much larger plant and were repaired and put in perfect shape. The boiler and engine room is considerably larger than the old one, and a two and a half foot space is left on all sides between the brick walls surrounding the boiler and the walls of the building, which is practically fire proof. The frame is built of two by fours and the covering is of corrugated sheet iron so that here is very little wood about the building.

The stone bins are 24-24-20, divided into three compartments for the three different sizes of stone and when filled will hold 3,840 cubic yards Immense timbers and two inch planks have been used in the construction of the bins, which are so braced that they ought to last a good many years.

The crusher is the same one formerly in use. The platforms and aproaches to the crusher have been enlarged and improved in many ways giving the men a much larger space to work in than formerly. The elevator which carries the stone from the crusher to the hopper where it is sorted automatically into the proper bins has been lengthened, enlarged and made much stronger. A good deal of trouble was experienced in the operation of the old plant on account of the weaknes of this appliance. The new one has been built with a view to overcoming these defects. A new friction hoist, which is much larger than the old one, has been added to the plant, to draw the dump cars up out of the pit. The old hoist was operated by a clutch which often got out of order and allowed a car to slip down the track, endangering the lives of the men at work in the pit.

The plant was given a trial yesterday and worked very well but was shut down to make some minor repairs. This morning it was started up under a full head, and tomorrow the contractors can get all the stone they require to finish up their street work.

Mort Knox of the firm of Knox & Daly, has had charge of the carpenter work and Thomas Wallis of the Rock River Machine company has made all of the repairs to the engine, boiler and machinery and put them in first class shape.

Taking it altogether and considering the number of improvements that have been made in the plant, it has not cost as much as was first figured. The plant in its present condition can be run at a much smaller cost than the old one and is in shape to last for a long time without being repaired.

It is interesting to watch the various processes the stone goes through from the time it is blasted from the ledges until it is dropped into the bins. The broken stone caused by the blast is shoved into the dump cars and hauled up a miniature railroad to the crusher, where it is dumped into the mouth of the massive machine. As it is broken by the corrugated jaws of the crusher it drops down a chute and is caught by the elevators or an endless chain of iron buckets which carry it to the top of the building and dump it into a revolving iron cylinder about ten feet long.

Notice to the Public.

Janesville, Wis., Aug. 5, 1901—To all Shippers and Receivers of Freight in Car Loads: This is to notify you, that on and after August 12, 1901, our respective companies will make a charge of $1.00 (one dollar) per day "or fraction of a day" on all cars that are detained beyond forty-eight hour, in loading or unloading.

BRIEF BITS OF LOCAL NEWS.

A. J. Wilbur and wife have arrived in the city from Ripon where he has been employed by Northwestern. They will make this city their in the future.

A judgment of divorce was filed in the circuit court August 3, by which Emelia Hammes secured legal separation from Herry Hammes. Hammes was convicted of horse stealing November 1, 1897, and sentenced to a term of four years in the state's prison at Waupun, which is in itself legal grounds for granting a divorce.

Miss Mary Vankirk leaves tomorrow for Norwood Park, Ill., where she will attend the wedding of her cousin, Miss Bessie Deberard, which happy event is to occur tomorrow evening. The bride is the youngest daughter of Mr. and Mrs. J. C. Deberard, former residents of this city. After the wedding Miss Vankirk will visit relatives in Chicago for two weeks.

If You Want Any Thing ADVERTISE IN THE GAZETTE'S WANT COLUMN.

Fancy Parasols

A sample line of two hundred—and no two alike—Folimer, Clogg & Co.'s complete line of fancy sun shades at about half usual prices;—a parasol purchase of unusual interest;—prices range from $1 to $5, which represents regular values of double. Included in the assortment are about fifty Children's Parasols.

Shirt Waists In Two Lots.

Every waist we show is of this season's production and are therefore very desirable All colored waists which sold up to a dollar are in a lot with a choice for 49 cents, and all colored waists which sold up to $2 are in another lot with a choice for 89 cents, this latter line includes linen waists with black dots, also mercerized waists, plain colors and fancies. New white waists are being received every few days; ours at $1.50 are great value.

Black and White Dimities

The fad just at present is for black and white,—and we have lately received twenty pieces of a fine sheer sheer dimity, all in white ground with black lace stripes, width 30 inches, price 15 cents. Plain Dimities are also selling well; colors: black, red, yellow, pink, light blue and navy blue; the same width, 30 inches; same price; 15 cents.

Women's Neckwear

An important item this season, with new ideas every week. Popular sellers are corded hemstitched silk ties, 33 inches long, colors, black, white, red, yellow, pink, black and lavender; price 25 cents. Same styles of white lawn openwork, stripes, 50 cents. Same of linen with satin edges 39c. Stock collars, plain and with chiffon fronts, 25 cents to $2. Many other novelties.

GRAND PORTAGE INDIAN SCHOOL

W. B. Phillips, a Government Teacher, Tells How They Are Taught.

LEARN MUSIC EASY

Monotonous Manner and Lack of Expression in Their Efforts at Reading.

SHIFTLESS AND LAZY

Walter B. Phillips, a government teacher at Grand Portage reservation in Minnesota with his family, are in the city, the guests of M. D. Taylor. In talking to a Gazete reporter Mr. Phillips said:

This reservation is situated in the northeast corner of Minesota, 146 miles from Duluth. I am a teacher of the day school and it has an enrollment of twenty-five pupils, belonging to the Chippewa tribe. These pupils very readily learn to write, being very skillful in pencil drawing, including maps of states and countries. Samples of this work and of pattern work in colored papers were sent to the N. E. A. at Detroit at the last session, receiving favorable mention.

"These pupils learn music very readily and sing with a good deal of expression. The lack of expression is noticeable in their reading, they being able, that is, the higher classes, to call the words quite fluently but in a very monotonous manner. Generally this defect in reading is remedied somewhat by their continued practice in singing, that is, the practice in singing helps very materially to improve their pronunciation, making their words more distinct than is the case when they have not been taught to sing.

"Their greatest difficulty is in mathematical work and it requires a great deal of labor and patience on the part of teachers to accomplish much in this direction. They can be taught the mechanical processes in numbers fairly well, but from generation to generation the Indian has never been required to use his reasoning faculties and he is simply so lazy and unenergetic that de doesn't want to do so or has no inclination to do so. They are not strong physically as a class, particularly those of mixed blood and being so near the Canadian border many of these Indians have more or less white blood. The strong ones are the old or very old persons of pure Indian blood. The mixed bloods and younger portions of the tribe are predisposed to scrofula and consumption, perhaps 80 per cent of the deaths occurring from tuberculosis.

"On this reservation they are supported in part by the United States government and in part by their own efforts in selling berries in season and in making maple sugar. There were marketed in Duluth in 1900 from this reservation $350 dollars' worth of blue berries and raspberries and $75 worth of maple sugar in the previous spring.

"Of course it is the nature of the Indian to hunt and fish and in this locality there is considerable game to be found including moose, caribou, deer, bears, partridges, rabbits, white fish, lake trout and herring being plentiful.

"The Indian is allowed by law to hunt on the reservation at any time during the year, but, of course, white people are excluded.

"The Indians at this place all wear citizens' clothes and live in log houses the most of these houses being whitewashed inside and out. They occupy wigwams exclusively at sugar making time, but at no other. Each person has an allotment of land on the reservation which is at present covered with timber. The Indian is now allowed to sell the cedar, but not the pine.

"The government is considering at the present time the advisability of the sale of pine also, and it will probably be favorably concluded for their use. No farming of any extent is being done on the reservation nor on any of the surrounding sections of the country. It is somewhat mountainous and contains iron ore although mines have never been developed.

"The A. R. Booth Packing company and the White Line company each have steamers that make two trips per week between Duluth, Minn., and Port Arthur, Canada, stopping to gather up the large quantities of fish that are regularly caught and ready to be put upon the steamer."

FOULARD SILKS.

Being somewhat overstocked with foulards, in order to get the money out of them we are taking the shortest method to do it and that is by putting prices so low that women cannot fail to see that they are good silks to own. The regular $1.00 and 85c foulards are all 65c. The 65c and 75c grades go at 45c. Low, aren't they? Splendid assortment.

J. M. BOSTWICK & SONS.

Durable and Inexpensive

J. H. Huntress, of this city, has patented and placed on the market a metal hitching post that is durable and inexpensive. Several of them have already been placed about the city and have given the best of satisfaction. The Huntress hitching post is handsome, being dark green while the top is mounted with the minature head of a horse. These posts last a life time and can be placed in position at little expense. They sel lat $2 and $2.50, the price depending on whether the post is set in the ground or fastened on the surface. These posts may be seen at the North Main street store of R. H. Pickering & Co.

Don't miss the only opportunity of the season to visit the Dells Sundny, Aug. 11. Special train leaves C. M. & St. P. depot at 7:40 a. m.

The Ladies' Aid Society of the Baptist church will meet in the church parlors tomorrow, Wednesday, afternoon, at 1 o'clock.

Steamboat excursions across the lake leave Oshkosh every hour of the day, Sunday, Aug. 11. You will miss it if you do not attend the excursion.

Fifteen and $16.50 men's suits all go this month at $8.88 at Amos Rehberg & Co's special reduction sale. This is the clothing bargain snap of the season.

A marriage license was issued yesterday to Sharles Secor of Beloit and Margaret Bates of Harrison, Ill.

Regular meeting of Typographical Union No. 197 Wednesday evening at 7 o'clock sharp. Every member is requested to be present.

Special train excursion to the Dells of Wisconsin at Kilbourn, via C. M. & St. P. Ry, Sunday, August 11, only $2 for the round trip, including steamer ride.

When one can purchase $16.50 suits at $8.88, such a snap is in the line of a sacrifice. Such a cut rate sale is now going on at Amos Rehberg & Co's store on the bridge.

All ladies' colored shirt waists that sold earlier in the season at $1 each have been marked down to 50 cents by Bort, Bailey & Co. at their special August clearing sale.

For the accommodation of those attending the picnic at Edgerton Wednesday, Aug. 7, the freight train leaving Edgerton at 9:30 p. m. will carry a coach, arriving at Janesville at 10:30 p. m.

Articles of incorporation were filed at the court house yesterday incorporating the Evansville Water, Light and Power company with a capital stock of $10,000.

Foreman William Harter of the Wisconsin Telephone Company, construction crew is in the city with a force of men to raise the company's cables on Main street so that the houses can be moved from the city library site.

Chris. Hartleib, the railroad laborer, who lost a leg by being knocked down and run over by the St. Paul work train near the Five Points, about six weeks ago, was taken to the St. Paul railroad hospital at Tomah this morning.

Contractor Peters today finished the eighteen inch layer of concrete which forms the first layer of the foundation for the Soldiers' monument. A solid stone foundation will be built from this base to the surface. The work when completed should last forever.

Mr. R. J. Wagner of Pittsburg, Penn., greatly surprised his sister, Mrs. Wm. H. Lathers, of Eastern avenue, with an unexpected visit yesterday. As they had not seen each other for thirteen years, the meeting was a most pleasant and long looked for event.

Work was begun on the grading and macadamizing of South Second street, between East and Wisconsin streets, this morning. Case & Son of Racine have the contract but the work was begun actively under the direction of G. D. Cannon of this city.

The Ladies' Aid society of the Norwegian Lutheran church will celebrate their 25th anniversary with a picnic in the afternoon and an ice cream social in the evening, Thursday, the 8th of August, on H. Anderson's lawn, Pleasant street, west of the city. All are cordially invited.

The invitations have been issued for the wedding of Miss Mate Kirk and George Williamson, both well known young people of this city. The happy event is to occur at the home of the bride's mother, Mrs. Mary E. Kirk, 364 Glen street, Wednesday evening, August 14th. The hour selected for the ceremony is 6:30 o'clock.

ANNUAL EPWORTH LEAGUE MEETING

IT WILL OPEN AT EVANSVILLE ON FRIDAY, AUGUST 9.

Many from Janesville Expect to Attend—Rev. John J. Lugg of Lyons, is President of the District League and Will Preside at the Convention—The Program.

The annual Epworth League convention of Janesville district, Wisconsin conference, which is to be held at Evansville this year will open with an afternoon session on Friday of this week, August 9, and close on Sunday evening when Rev. H. W. Bolton, D. D., presiding elder of the Madison district, will preach the sermon.

The convention will be quite largely attended by Epworth Leaguers of this city.

A business meeting of the Court Street M. E. church was held last evening for the purpose of electing delegates but there was so small an attendance that nothing definite was done. It was decided that any members of the League who could attend the convention should be authorized to represent the league as representatives. Mrs. J. L. Hay and Miss Harriet Lagermann will doubtless be among the representatives and Fred Isaac expects to spend Sunday with the district Leaguers

The league of the First M. E. church elected their delegates some time ago and will be represented by Miss Myrtle Pantall, Miss Winston and E. F. Hall. Many other members from both leagues will probably attend the entire convention or a part of it at least. Those who cannot get away from business during the week will spend Sunday at Evansville. Trains run quite conveniently and there is some talk of a carryall load driving to Evansville Sunday morning and returning on Sunday evening.

The convention is not a limited one and every chapter is invited to send as many delegates as possible. There are about forty chapters in the district and the delegates will be entertained by the people of Evansville.

Rev. John J. Lugg, of Lyons, formerly of this city, is president of the district league and has had charge of the preparation of the program which promises to be of great interest especially to league workers. Janesville is represented on the program, both Presiding Elder W. W. Stevens and his wife having been assigned important parts in the convention work. Rev. Stevens will conduct a conference of doctrines and polity of the Methodist Episcopal church Saturday morning and Mrs. Stevens will give an illustrated lesson for Juniors Sunday afternoon. The following is the outline of the program.

Friday Afternoon.

2:00—Organization. Appointment of Committees, etc.

4:00—Bible Work, by Miss Jessie King, instructor in Chicago Training School

Friday Evening.

7:30—Song Service, led by Convention Chorus

8:00—Platform Meeting and Reception.
Address of Welcome and Response.

Saturday Morning.

8:00—Devotional Service.

8:20—Bible Work, Miss Jessie King.

9:00—Opening of Conference on Department Work.
These conferences are such in every sense of the word, and although not covering every topic of importance, will be thorough and valuable. The following is an outline only:
Department of Mercy and Help, led by Miss Maude Ebbott.
Report of Past Year's Work.
a. Ways and Means of Soul Winning in Mercy and Health Department
b. Christ's Method of Work in This Department.
c. What the Leaguers Might Do for Christ in Our Depots.
d. Some Things the World Has a Right to Expect from Every Epworthian.
Question Box
Address: What Janesville District Can Do for the Deaconess Home the Coming Year, Miss Dorothy Jones, Milwaukee.
Department of Literary Work. Led by Rev. H. C. Logan.
Report and Conclusions.
Quiz on Department Work.
The Reading Habit.
a What to Read.
b. How to Read.
Methodist Papers—Their Value.
Barrie's Discussed.
Conference of Doctrines and Policy of Methodist Episcopal Church. Led by Rev. W. W. Stevens, presiding elder of Janesville District.

Saturday Afternoon.

1:15—Election of Officers for Ensuing Year.

1:45—Bible Work, Miss Jessie King.

2:20—Continuation of Department Conferences
Department of Social Work. Led by Miss Elsie Fargo.
Echoes from International Convention at San Francisco, Miss Lydia Saecker Lake Mills.

NEWS OF A PERSONAL NATURE

Rev. Father Nichols of Elkhorn spent yesterday in this city.

Mrs. E. C. Ryckman leaves tomorrow for a visit with her sister at Buffalo.

C. A. Palmer, of 53 Terrace street is entertainng her brother, Wallace Steadman, of Chicago.

Mr. and Mrs. C. C. Searles are on a vacation trip to Winona and other places in Minensota.

E. F. Main and F. F. McKeigue are taking in the sights at Chicago and other places for a week.

Miss Ella Morrisey is taking a month's vacation from her duties as cashier at Bort, Bailey & Co's.

Mr. and Mrs. Ezra Dillenbeck returned Friday evening from Chaffeer, N. Dak., where Mr. Dillenbeck's son is located.

Mrs. L. N. Lowell of Dawson, Alaska, who has been visiting her sister in this city, will start on the long road home this evening.

Mayor Victor P. Richardson and wife leave on Friday morning of this week for the east. They will be absent three or four weeks.

Miss Mayme Leary of Butte, Montana, has returned home, after a pleasant visit with her parents in this city.

F. W. Anderson of this city, and his brother, Dr. H. B Anderson of Orfordville, left last evening for an extended trip through Minnesota and Dakota. They will combine business with pleasure.

F. J. Tucker of Chicago is in the city today to boom the Lithia Springs project. A large portion of the stock alloted to Janesville has already been subscribed.

W. H. Carroll, the West Milwaukee street saloon keeper was fined $25 yesterday afternoon in the municipal court for keeping his place open after eleven o'clock Saturday night.

Miss Hay Starr and Mrs. F. P. Starr left last evening for Yuma, Cal., to visit Miss Starr's uncle, John Marley. Miss Starr will remain for a year and Mrs. Starrr for about two months.

Miss Jessie Beach is in Chicago for a brief visit and is contemplating a trip to Buffalo with her father before she returns. Within a few weeks Miss Beach, her father and her sister will go to California to spend the winter. Her mother is in California now.

FIVE THOUSAND TONS

Shipments of Crystal Lake Ice to Janesville Made Every Day

Before the end of August it is estimated that fully 5,000 tons of Cyrstal Lake ice will have been distributed into local homes by J. E. Inman. This ice has all been shipped direct from the company ice houses located at the lake. These large ice shipments have been made daily and uring the recent hot spell Mr. Inman and his men were obliged to refuse many new patrons. From analysis made in Chicago it has been shown that no purer ice is to be had than that taken from Crystal Lake. Fed by thousands of springs the lake is filled with pure spring water. The shore at all points is carefully guarded so that there is no chance of admitting sewerage. Mr. Inman, who exclusively handles Crystal Lake ice in Janesville, has of late refused 200 new patrons, who were willing to utilize Crystal Lake ice. It has also been shown in many cities where typhoid fever exists that such sickness was the result of drinking water cooled by impure ice. Mr. Inman has had plenty of ice to suply his customers during the most heated term.

PEACEFUL CLOSE OF A YOUNG LIFE

Death of Whitcomb De Long Dearborn, Son of Mr. and Mrs. L. P. Dearborn, at Chicago.

Yesterday afternoon at 5:30 o'clock the life of Whitcomb DeLong Dearborn, son of Mr. and Mrs. L. P. Dearborn, came to a peaceful close at the Chicago home of his grandparents, Mr. and Mrs. H. B. DeLong, with whom he and his mother had made their home for the past three months. The disease which caused his death was tubercular peritonitis with which the little fellow had been seriously ill for the past ten weeks. Although almost from the first the attending physician gave no hope of the little fellow's recovery, everything that it was possible for medical science, surgical skill and tender, loving nursing to do for him was brought to bear to save the life so precious to those who loved him. Bravely and patiently Master Whitcomb fought against the inevitable until the struggle wearied out the courageous spirit and death brought him relief from suffering.

Whitcomb DeLong Dearborn was born in this city September 24, 1894, and had he lived a few weeks longer he would have celebrated his seventh birthday. He was a manly, cheerful little fellow and his brief life brought sunshine into many hearts. He had resided in this city until about three months ago when his mother took him to Chicago. Many friends in this city will sincerely mourn his death

The remains wil beb rought to this city over the Janesville and Southeastern railroad arriving her at 6:40 o'clock this evening, accompanied by J. G. DeLong, uncle of the deceased boy. The remains wil be taken to the Forest park home of Mr. and Mrs. D. W. Watt, Mrs. Watt being a sister of the bereaved father. The other relatives will come from Chicago to this city on Thursday when the funeral services will be held. The hour will be announced later and the interment will be in Oak Hill cemetery.

The Art League will visit Lake Geneva on Wednesday, Aug. 7, leaving St. Paul station at 7:30 a. m. Members please communicate immediately with Mrs. Chas. Sanborn or Mrs. J. F. Pember.

THAT SHERIDAN IS NOT KNOWN HERE

Man with a Pecpliar Story Appears in Milwaukee, Claiming to Have Relatives in Janesville.

Terrence F. Sheridan of New York City, who has been creating quite a sensation in Milwaukee by making the statement to agent Gustav Frellson, of the Associated Charities, that he would pay $1,900 cash to anyone who would contract to support him and give him a good home for the balance of his life, now claims that he has been wandering about for weeks in a dazed condition. He woke up Friday morning and has retracted the $1,900 proposition saying he does not know what induced him to make such an offer. In his opinion his wife's continual refusal to live with him and recent money losses temporarily unbalanced his mind.

A peculiar feature of the case is that Mr. Sheridan claims to remember everything he has done while he has been in this dazed condition but cannot explain why he has acted as he has. The case has a local interest because in telling his strange story, as published quite at length in the Milwaukee Sentinel, Mr. Sheridan claims that his mind became unbalanced while on his way west to visit an uncle, William Sheridan, a liveryman at Janesville. Mr. Sheridan says he visited his uncle in this city and remained with him four or five weeks. Then, according to his words, he grew tired of the little town and went to Milwaukee, where his queer actions attracted attention and where the notoriety given his strange proposition brought out responses in great numbers from all parts of the country. Many of them were amusing, and a Chicago woman called on Agent Frellson in her anxiety to secure the job. She was not only willing to give Mr. Sheridan a home but, in view of the money consideration offered, would marry him. But Mr. Sheridan says he is going back to New York.

Mr. Sheridan seems to have been sadly mixed concerning his Janesville relatives. There is no liveryman here by the name of William Sheridan. John Sheridan, the proprietor of the West Milwaukee street livery, knew nothing of any such man. His father, William Sheridan, lives in the town of La Prairie, but he has not had a visit from the man who claims to have been in a daze. The city directory contains the name of but one Wiliam Sheridan, proprietor of a saloon at 58 South River street. The New York relative was a new one on him and he said he had seen no such man, didn't know there was such a man in existence and he didn't think any of the Sheridans in town knew him or had been visited by him. He thougat the man must still be in a daze.

Gold Medal highest award to Harper whiskey at Paris, 1900; Chicago, 1893; New Orleans, 1885. Good as gold anywhere, anytime. We'd like your expert opinion. Sold by Kehoe & Cullen, Janesville, Wis.

What most people want is something mild and gentle, when in need of a physic. Chamberlain's Stomach and Liver Tablets fill the bill to a dot. They are easy to take and pleasant in effect. For sale by People's drug store and King's pharmacy.

Excursion Tickets to Race Meet at Freeport, Ill.

Via the Northwestern line, will be sold at reduced rates, August 3 to 9, inclusive, limited to return until August 10, inclusive. Apply to agents Chicago & Northwestern R'y.

New Parlor Cars.

Two parlor cars, named respectively "Janesville" and "Beloit," "spick and span new" from the builders have been received from the Chicago, Milwaukee & St. Paul Railway and will be placed at once in the service for which they were expressly built—between Chicago, Janesville and Madison.

The new cars have an interior finish of mahogany and are seventy-five feet in length. The exterior is the St. Paul standard color. In addition to the usual parlor, seating thirty people, each has a large observation room, a state room and buffet. The latter, besides being fitted for ordinary buffet service, is equipped with a broiler, from which steaks, chops, etc., can be served.

The equipment in service on the St. Paul road to and from Southern Wisconsin points has received many favorable comments. The new cars—the handsomest so far built—will complete the finest day trains leaving Chicago.

Every woman in the country ought to know about

Mother's Friend

Those who do know about it wonder how they ever got along without it. It has robbed childbirth of its terrors for many a young wife. It has preserved her girlish figure and saved her much suffering. It is an external liniment and carries with it therefore, absolutely no danger of upsetting the system as drugs taken internally are apt to do. It is to be rubbed into the abdomen to soften and strengthen the muscles which are to bear the strain. This means much less pain. It also prevents morning sickness and all of the other discomforts of pregnancy.

A druggist of Macon, Ga., says: "I have sold a large quantity of Mother's Friend and have never known an instance where it has failed to produce the good results claimed for it."

A prominent lady of Lamberton, Ark., writes: "With my first six children I was in labor from 24 to 30 hours. After using Mother's Friend, my seventh was born in 4 hours."

Get Mother's Friend at the drug store, $1.00 per bottle.

Write for our free illustrated book, "BEFORE BABY IS BORN."

WEAR BOXER SORTIE.

Americans See Signs of Renewed Uneasiness Among the Chinese.

Pekin, Aug. 6.—Another Boxer outbreak is feared. The Chinese are becoming more and more insolent. They spit at foreigners on the streets. Major Edgar B. Roberts, one of the Ninth Infantry, who is in command of the American Legation guards, has protested to Commissioner Rockhill against the defenselessness of the American Embassay. Mr. Rockhill says that no fortification was intended, but merely a precautionary provision against any excesses of the Chinese rabble. The French and Italian troops are still here.

Khedive Gives Pope a Mummy.

Rome, Aug. 6.—Leo XIII. has just received a gift which stands in need of explanation, for the present is nothing more or less than a woman. She happens, however, to be more than 3,000 years of age, in the form of a mummy, and was a high priestess of Isis at Thebes, according to the papyri, by which she is accompanied. She has been presented by the khedive to the pope as a token of his veneration and regard, and is about to be assigned to a place in the Egyptian department of the Vatican galleries.

Finds Treasure of Kings.

Mexico City, Aug. 6.—The official journal of the state of Jalisco says that a Mexican residing in the Quiche district of the republic of Guatemala has had the good fortune to discover there a portion of the treasure of the ancient Kings of Quiche. One of the articles found is a crown valued at half a million dollars. Jewels, idols, and many other objects in gold and silver were also found.

Wind Prevents Balloon Trip.

Paris, Aug. 6.—Another attempt was to have been made to-day by the Brazilian aeronaut, Santos Dumont, to win the prize of 100,000 francs offered by Mr. Deutsch for the aeronaut who would sail his flying machine from the Aero Club grounds at Suresnes around the Eiffel Tower and back within a half hour, but the journey was prevented by a strong wind.

Serious Riots in Brazil.

Washington, Aug. 6.—Serious rioting, lasting for five days and resulting in the killing of five persons and the wounding of upward of 200 others, began, in Rio de Janiero, Brazil, June 18, according to a report received today at the state department from Charles Page Bryan, the United States minister.

William Patterson, a prominent farmer and stock raiser of Pana, Ill., died as a result of falling from a hay derrick.

New York's Largest Market.

Washington market, the largest in New York, was established in 1813. Fulton market in 1821, Catharine in 1786. Center market, part of which is now used for court purposes, in 1817, and Clinton market in 1829. Jefferson market, established in 1832, is partly used for court purposes, and Tompkins, established in 1826, is partly used as an armory. Wallabout market in Brooklyn was opened in 1884, Harlem market, on East One Hundred and Third street, in 1891, and West Washington market in 1889.

Pierpont Morgan's Rug.

J. Pierpont Morgan has purchased abroad a Persian rug, probably the rarest of its kind in existence, for which he paid $25,000. The rug measures 10 feet 6 inches by 19 feet, made of Persian silk in Tabriz, Persia, and was woven by Mohammedan friars 150 years ago for a shah. The time required to weave the rug was sixteen years.—New York Times.

Nationalities in Police Business.

The Irish American declares that of the two hundred men appointed to the New York police force by Commissioner Murphy, only 130 have Irish names. Of the other seventy new policemen thirty are Germans—a nationality whose representation is increasing—and the remaining forty are English, American, Spanish and Russian.

Elements in Star Perseus.

The observations concerning the new star in Perseus show that the star contains such substances as hydrogen, sodium, helium, calcium, magnesium and coronium. The shifting of the spectral lines shows that the new star is moving away from the earth at a low velocity.

Steelhead Salmon in Superior.

Four years ago the United States fish commission began to plant in Lake Superior the steelhead salmon of the Pacific. It was believed that this salt-water fish would thrive in the cold, fresh waters of the great lake, and fish of this kind weighing five pounds have recently been caught. As modified in the lake they are well-shaped, firm, with flesh of a fine red and delicate flavor. The planting will proceed rapidly.

It's Your Liver that causes two-thirds of your ailments and it's

Dr. Arnold's Nuvo Family Tea

that will cure these ailments. Your Biliousness, Backache, Nervousness, Dyspepsia, as well as Headache, Nausea and Sleeplessness are the result of an inactive liver. Dr. Arnold's Nuvo Family Tea keeps the liver active, cleans the entire system and gives that healthy, rosy color to the cheeks. Discourage these liver troubles by trying a package today. Don't wait until afflicted—it's not policy.

25 Cents a Package.

Your druggist sells Dr. Arnold's Nuvo Family Tea. If he won't supply you, accept no substitute, but send us 25 cents stamps and we will forward a package prepaid.

The laws of health require that the bowels move once each day and one of the penalties for violating this law is piles. Keep your bowels regular by taking a dose of Chamberlain's Stomach and Liver Tablets when necessary and you will never have that severe punishment inflicted upon you. Price, 25 cents. For sale by People's drug store and King's pharmacy.

Genuine Rocky Mountain Tea is never sold in bulk by peddlers or less than 35 cts. Don't be fooled, get the tea made famous by the Madison Medicine Co. Smith's Pharmacy.

In Janesville

Every Claim is Backed by Local Testimony.

If the reader wants anything stronger than opinions and experiences of his neighbors, what can it be?

Mr. L. Lawrence, of 408 S. Franklin St., engineer at the Janesville Electric Light Co., says:

"Seven years ago I injured my back by falling through a bridge near Afton, into the Rock river. I was on a traction engine, its weight broke through, and the whole thing went into the stream. Since that time my back has ached by spells, sometimes very severely. If I caught cold it settled in my kidneys and if I brought a strain on my back lifting, the result was a bad backache and sharp twinges of pain in my loins I procured Doan's Kidney Pills and after I used them I was free from backache. I am in better health than at any time since falling through the bridge."

For sale by all dealers, Price, 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for U. S. Also on sale at King's Pharmacy.

Remember the name, Doan's and take no other.

A Travel Point
Pan-American Exposition

THE Pan-American, to be held at Buffalo, N. Y., May 1 to Nov. 1, will be one of the greatest and most beautiful expositions the world has known. To enjoy its beauties will be worth any effort. The question of traveling to and from Buffalo is one to be carefully considered. You will desire to travel by the route affording the most comfort and interest. The return trip, too, must be considered, as after you have done the Exposition, Buffalo, Niagara Falls and vicinity, you'll be tired and wish to reach home quickly.

The Lake Shore
and Michigan Southern Railway

as the leading line to Buffalo by reason of the frequency of its trains and the certainty and punctuality of their movement will best meet this requirement. It is the only double track line, and the completeness of its service—eight through trains daily among them the only daylight train, places it at the forefront among Eastern roads. The country traversed is the fairest and richest of the Middle States—the most interesting on the way to Buffalo.

All tickets over this route afford use of steamers either way between Cleveland and Buffalo, also stop at Chautauqua on return trip within limit of ticket. Our "Book of Trains" contains full information. Sent free on request. Look it through carefully.

CANNING FACTORY IS IN OPERATION

Started Up Its Pickle Department—Eleven Hundred Bushels of Cucumbers Received Yesterday.

The new canning factory has started up its pickle department and is daily receiving cucumbers from growers in this vicinity and from away. Eleven hundred bushels of cucumbers were received yesterday from growers at Onalaska, Wis., who were under contract to furnish the Prairie du Chien factory which was destroyed by fire some time ago. All the contracts for produce with the farmers in that vicinity will be carried out and the produce shipped to this city for this factory. Eleven hundred bushels of cucumbers seems to be a large quantity, but they hardly fill what is known as the starting vat. The large vats hold about 2,000 bushels each. There are several of these large vats so that there is no danger at present that the cantory will get more cucumbers than they can handle.

All the other departments are being put in first-class shape for the reception of the different kinds of produce. Mr. Hohenadel is much discouraged with the outlook and thinks that here will not be more than a third of a crop.

Over 2,000,000 empty cans have been received and piled up in the warehouse ready for filling when the crops begin to come in.

Mr. Hohenadel is working night and day to get the plant in shape and so far every machine has worked satisfactorily. When completed the plant will be second to none in this country.

NEWS OF THE COUNTY

(Continued From Page 2.)

konong, visited Miss Mabel Ward Thursday.

Miss Edith Lavanway of Milton visited Mrs. George Barnhart Sunday.

Ernest Bliss and Joe Hansen of Milton took dinner with Herbert Robinson Sunday.

Miss Inez Shaw of Milton spent last week, the guest of Leola Steuman.

Mrs. F. B. Stedman and family spent Sunday with friends in Edgerton.

Miss Hattie Huggett of Janesville spent part of last week with Mrs. R. Hull.

Miss Gladys Brown is visiting relatives in Janeseville.

Masters Willie and Mark Goddard of Oakland spent last Sunday at A. P. Lalk's.

Mrs. Laura Bingham and Mrs. H. V. Luyster visited at Wm. Lyons' Tuesday.

Mrs. Merlatt spent part of last week in Whitewater.

Mrs. Matilda Garrigus returned returned last week from Chicago. She was accompanied by her sister-in-law who will spend a week here with her.

O. Cottrell of Milton Junction began work on Gordon Clark's new barn Wednesday.

Miss Minnie Edwards of Magnolia visited relatives here last week.

Mrs. James Masterson and children of Chicago returned to their home Tuesrday.

Julius Cousins and Frank Merlett drove up from New Ark Saturday, a distance of 34 miles and visited a few days at P. Traynor's. One afternoon was spent at Lake View with ex-Gov. Hoard. Mr. Cousins is almost equal to Mr. Hoard in telling stories.

The Ladies' Society met at the church Wednesday afternoon and tied two heavy comforts, which will be disposed of at auction at an ice cream and cake social to be held at Thomas Haight's Friday evening, August nine. Let every one come and enjoy the evening.

LEYDEN.

Leyden, Aug. 5—The clouds of the morning are blowing over; and a cool north-west wind is blowing.

There was a white frost Wednesday, July 31st, but no damage was reported from it.

The tobacco is growing nicely although the ground is still dry. The fall feed is starting very slowly and is not likely to make much show t... some more rain comes.

The threshing machines are busy on all sides these days. The grain yields a very small amount and the oats are very light in weight. The corn is all tasseled and eared out and only about three feet high. It will be a very light crop at best.

George C. Marshfield is having a summer kitchen built on the new Leyden store. Charley Cassidy doing the carpenter work.

Conrad Hansen visited his parents in Brooklyn today.

HARMONY

Harmony, Aug. 5—S. G. Bond and wife are entertaing company.

The Mansfield skimming stations has two new drive sheds which are appreciated by its patrons.

A. S. Hoag entertained company on Sunday.

N. Noexy and wife visited at C. Peterson's on Sunday.

H. Holtz is the possessor of a fine new carriage.

This vicinity is in need of a good rain.

H. Wilbur and E. Zimmerman of Janesville called on old time neighbors and friends in this vicinity on Sunday.

THE FIRE RECORD.

Big Building Is in Ashes.

Kansas City, Mo., Aug. 6.—The exposition building, erected during the boom of 1887, at a cost of over $200,000, was destroyed by fire in less than two hours. The exposition building was situated at Twelfth street and Kansas avenue, three miles from the center of the city. It had not been occupied for ten years. Recently it was sold to a syndicate, which had planned to raze it next Saturday with dynamite, to make way for modern buildings.

Big Fire in Evansville.

Evansville, Ind., Aug. 6.—Fire last night destroyed a large corrugated iron warehouse and large four-story brick building in the heart of the business district and packed with 200 carloads of broom corn, property of the trust. The loss on broom corn is placed at $175,000, with a loss of more than $25,000 on buildings.

Horses Burned to Death.

Chicago, Aug. 6.—Fourteen horses were burned in a fire which occurred in the livery stables of Harry Gordon, 418 West Fourteenth street. The stables occupied the basement and first floor of a two-story frame structure, the second floor of which was occupied by D. Finkelstein as a tailor shop.

Negro Is Electrocuted.

Ossining, N. Y., Aug. 6.—Benjamin Pugh, a negro, who murdered John Tiegen, a waiter in a restaurant in Brooklyn, on Aug. 23 last, was put to death in the electric chair in Sing Sing prison. Three shocks were administered before he was pronounced dead. On the day of the murder Pugh entered the restaurant where Tiegen was employed as a waiter. He ordered a meal and started to leave without paying for it. Tiegen remonstrated and Pugh threw 10 cents on the counter and then brushed the money off as Tiegen was about to pick it up. This so enraged the latter that he struck the negro and ejected him from the place. Pugh returned shortly and shot Tiegen dead.

Was Weary of Life.

New York, Aug. 6.—Louis Helpern, a young man who about three months ago tried to jump from the Brooklyn bridge, has committed suicide by swallowing carbolic acid and then throwing himself from the fourth story of a tenement house on Willett street. Young Helpern came to this country about eighteen months ago from Johannesburg, South Africa, where his father lives. In his room he left a note saying that he was tired of life.

Daughter of Governor Killed.

Montgomery, Ala., Aug. 6.—Miss Carrie Jones, daughter of Gov. Thomas G. Jones, was crushed to death by a street car. She was attempting to cross the street in front of the car. The accident occurred in front of the executive mansion and was witnessed by Gov. Jones. She was 20 years old.

Two Miners Killed.

Negaunee, Mich., Aug. 6.—Erick Johnson and John Peruchoti, miners at the Prince of Wales mine of the Regent group, were buried under thousands of tons of ore yesterday afternoon. Two others escaped with injuries.

Becomes an Evangelist.

Indianapolis, Aug. 6.—George T. Bowser, general secretary of the Y. M. C. A., and for years connected with the association at Omaha, resigned to-day to become an evangelist.

Less Than Half Rates fo St. Paul, Minneasolis and Duluth, Minn., Via. C. M. & S P. R'y.

Aug. 1st to 10th, and Sept. 1stt to 10th; good to return until Oct. 31st. For rates, time of trains, etc., call at passenger station.

Lake Geneva Via. Harvard and Electric Line, 86 Cents.

The C. & N. W. R'y will hereafter make a rate of 86 cents every day to Lake Geneva via. Harvard and the electric line.

Appeals in U. S. Courts.

There is no "United States Court of Appeals" but within a few years a United States "Circuit Court of Appeals" has been formed in each circuit, to relieve the Supreme Court of the United States of some of the less important cases that used to reach it.

Red is a danger signal on the railroad, on a fellow's nose and a woman's face. Men and women use Rocky Mountain Tea and get genuine rosy cheeks. 35c. Smith's Pharmacy.

Chicago to Buffalo and New York. Special low rates and favorable limits on all points east. Call on or address John Y. Calahan, general agent, 111 Adams street, Chicago.

Kodol Digests what you Eat

Dyspepsia Cure

In speaking of indigestion, Dr. Lewis says: "It is deplorable that so many hundreds of thousands of Americans suffer from indigestion. It means that the blood of the nation is becoming impure; for undigested food poisons the blood. Unless a method is devised for overcoming this malady, our race must deteriorate."

Many persons use soda tablets to neutralize fermenting food; this only makes a chemical receptacle out of the stomach, and injures its sensitive structures. Others feed on pepsin, which is better, but not sufficient, for it digests only albuminous foods.

The preparation best fitted to relieve and absolutely cure indigestion is KODOL DYSPEPSIA CURE. It contains every known digestant and digests every kind of food. Its use is a common sense method of treating all stomach troubles, and the results are always certain.

It can't help but do you good

Prepared by E. C. DeWitt & Co., Chicago. The $1. bottle contains 2½ times the 50c. size.

When you need a soothing and healing application for piles, sores and skin diseases, use **DeWITT'S Witch Hazel SALVE.** Beware of counterfeits. For sale by M'CUE & BUSS

No money required from responsible parties to commence treatment.

PROTEST FROM THE TRADES COUNCIL

Allegation That the Affair Between Labor Unions and Imperial Band is Misrepresented.

Editor Gazette—Seeing an article in last night's Gazette purporting to be a statement of the trouble between the labor unions and the Imperial band, and which is a misrepresentation, we request you to publish the following: In the first place we were not aware that there was any trouble between the unions and the Imperial band. If there is any it is of their own making. At the time of the organization of the Federal Labor Union we made the Imperial Band the offer to employ them if they would leave out the two non-union men. We gave them the preference, but they declined to do so and we employed the Y. M. C. A. band. There was no coercing and no thought of "dictating." The Imperial band, we suppose, is composed of free American citizens and have the right to employ whom they please and we claim the same right. As to the band throwing up the contract for Labor Day, we were not aware that they had such a contract for they had not been approached by the committees in regard to Labor Day. So why all this fuss? It looks like someone was sore and they are trying to vent their spleen by atetmpting to poison the mind of the public against he Trade Unions by a lot of base callumnies.

The assertion that the unions have threatened to take men out of the employ as members of the band if they continue playing in said band is a misrepresentation, as anyone should know, without any denial. It is the product of a depraved mind. The Trades Unions of Janesville do not wish to "dictate" to any one. They never have resorted to such "tacitcs" nor do they wish to. Neither do they intend to be "dictated" to or meekly pass by such willful misrepresentations as have been given to the public from time to time.

JANESVILLE TRADES COUNCIL

EXCURSIONISTS IN A WRECK.

Coaches Full of Passengers Derailed on the Lake Erie & Western.

Peru, Ind., Aug. 6.—Six hundred passengers on an excursion train had a narrow escape from disaster at 9 o'clock last night at the town of Stillwell. As it was they were badly shaken up, delayed in their journey and subjected to much discomfort.

The party was made of pleasure-seekers from Indianapolis who were returning from a day's outing on the shores of the lake at Michigan City. The train consisted of eleven coaches and all were crowded.

The train, which was on the Lake Erie & Western Railroad, was nearing the Grand Trunk crossing at Stillwell, when it jumped the track at a switch. The engine and the first coach turned over and the next three coaches were derailed and partly ditched.

Reports to the superintendent's office here say that none of the passengers was seriously hurt. Full information as to the extent of the accident is lacking, however.

DISPARAGED YANKEE FREEDOM.

American Boys in London Keelhaul a Companion in Lake.

New York, Aug. 6.—A dispatch from London says: The Express publishes an extraordinary story this morning, to the effect that three American boys recently bound a comrade and dragged him into an ornamental lake in Hyde Park, known as the Serpentine, and then keelhauled him under their boat The unfortunate victim is said to have been none the worse for his immersion.

He was punished for infringing the rules of the Loyal League of American Boys Abroad, by remarking that the United States was not as free a country as England.

Daily from July 20th to Oct. 20th. For artes, limits and routes, with stop over privilieges call at C. M. & St. Paul epot.

FRANCE ANGRY AT THE SULTAN

May Make a Naval Demonstration at Constantinople.

Constantinople, Aug. 6.—The French ambassador has handed over the quays affair to his government, recommending his own recall and the delivery of passports to the Turkish ambassador at Paris. Failing in this, the ambassador recommends that France enforce her claims in the matter by a naval demonstration. The dispute centers on the porte's refusal to allow the quays company, which is a French concern, to enjoy the rights it claims under a convention. The sultan is determined to obtain the quays, negotiations for the purchase of which are becoming active, because he regards as highly dangerous the facilities now afforded for the landing and embarking of passengers.

COLUMBIA READY FOR DEFENSE

South American Republic Is Prepared to Combat Invasion.

New York, Aug. 6.—Gen. Alban, governor of Panama, has telegraphed this statement to the Herald relative to the present situation in Colombia:

"The revolutionists do not occupy any city or place of importance and are made up of guerrillas, who merely attack undefended villages and localities. But at present Colombia is being threatened by foreign invasions, encouraged by the president of Venezuela, Ecuador and Nicaragua, against which the Colombian government is well prepared and will do all that is natural and allowable in self-defense."

The Wabash icehouse at Montpieler, O., burned. Loss, $3,000.

Admiral Howison Selected

Washington, August 6.—Admiral Henry Howison, retired, has been detailed to take Admiral Kimberley's place on the Schley court of inquiry. Howison is satisfactory to Schley.

Protest From Dr. Roberts

Dr. E. D. Roberts went ot Neilsville today to vaccinate a herd of cattle. An epidemic of anthrax, commonly known as black leg, has broken out among the cattle at Neilsville and Dr. Roberts' errand to Chicago yesterday was for the purpose of securing vaccine to vaccinate them. He desires the Gazette to state that he did not secure a remedy for tuberculosis while in Chicago and that he has no thought of revolutionizing the disease. The statement in a local paper this morning was entirely false and gave an erroneous impression which the state veterinarian wishes corrected.

St St. Paul Earnings Increase.

The Chicago, Milwaukee & St. Paul during the pas t year, has increased gross earnings by $484,320, and decreased operating expenses at the same time by $443,333. Net earnings show a greater increase than for many years; and are $927,654 larger than a year ago.

An official statement made public yesterday gives the year's gross earnings as $42,369,012, against $41,884,692 a year ago. Operating expenses amounted to $27,977,503, and net earnings to $14,391,509. June earnings alone, completing the fiscal year, were $3,555,000.

GROWTHS OF BONE INSIDE THE SKULL

The Cause of Frank Collier's Insanity Has Been Located by the Autopsy Held.

Chicago, Ill., August 6.—The cause of Frank Howard Collier's insanity was located yesterday morning at the autopsy. Two growths of bone on the inner side of the skull pressed against the brain. These ever growing larger and larger, compressed the vital nerves and blood vessels of the cerebral regions, and brought on the fits of circular insanity, which had afflicted Mr. Collier for the past ten or twelve years.

The result of the autopsy is regarded of great value to medical science, and there is no doubt that the post mortem on Mr. Collier's body will enable the surgeons in the future to more correctly diagnose the malady from which Collier suffered.

A sad feature of the autopsy was the discovery that the operation performed a year ago upon Mr. Collier might have effected a complete cure had the piece of bone removed at that time been an inch or so nearer the center of the forehead.

From $1.50 to 75 cents a cut has been made by Bort, Bailey & Co. on their line of colored shirt waists.

COKE DANDRUFF CURE

Continues to Cure Those Afflicted with Dandruff and Falling Hair.

There was a time when people troubled with Dandruff thought it could not be cured and let the bothersome disease grow upon them until it caused the loss of their hair. How different today are their feelings, now that a handy, safe and pleasant toilet specific is obtainable at their nearest Drug Store. No man can be so totally blind to facts as to doubt that Coke Dandruff Cure will not cure him after the public test that has been made of this great cure in Janesville in the past thirty days, which was started by the successful distribution of free samples at Smith Drug Co.'s Drug Store.

We might publish hundreds of testimonials, but feel that we have advanced sufficient proof to convince the skeptical as to the great merit in Coke Dandruff Cure.

Take a bottle home now and save your hair, for when once gone you can never get your hair back again.

All druggists sell it. All first-class Barbers use it.

Discard That Off Colored Straw Hat.

AT THIS TIME OF THE year your straw hat that you purchased early in the season begins to look rather shabby and off colored. The cruel sun the past month has raised havoc with the straw. But then we took this fact into consideration some time ago and the result is the installation of another new stock—the second straw hat shipment this summer. At the Ziegler store you have the same low prices besides the advantage of selecting from the largest stock in southern Wisconsin
